

FIG. 1 (PRIOR ART) is a cross-sectional diagram of a multi-layered device. The device consists of several layers: 11 (topmost), 10, 13, 14, 15, 30, 23, 22, 21, and 100 (bottommost). A 'RUBBING DIRECTION' arrow points to the right. 'FIRST LIGHT' and 'SECOND LIGHT' are indicated by arrows pointing to the right. The diagram shows a complex structure with multiple layers and a central channel.
